PERTINENT COMMENT

SCORE FOR SIERRA MADRE CHAMBER OF COMMERCE

When the Canyon Park water situation is clarified so that residents of that charming district have their water needs supplied, a large shining mark can be set down to the credit of the Chamber of Commerce.

Sometimes it is advisable to review a little history, to see where credit belongs for various things.

On the 12th of last September the Chamber of Commerce convened under a special call for consideration of various problems and grievances of canyon residents. The meeting was made up of a finely representative group from all sections of town. Although in perfect humor, the meeting opened with evidence of bristling antagonism. The canyon residents felt that they had not been getting what was coming to them from the city government, and residents of other parts of the city felt that unfair demands had been made on the city. Few of those present were entirely familiar with the history of the subdivision of the canyon and its development.

Canyon Development

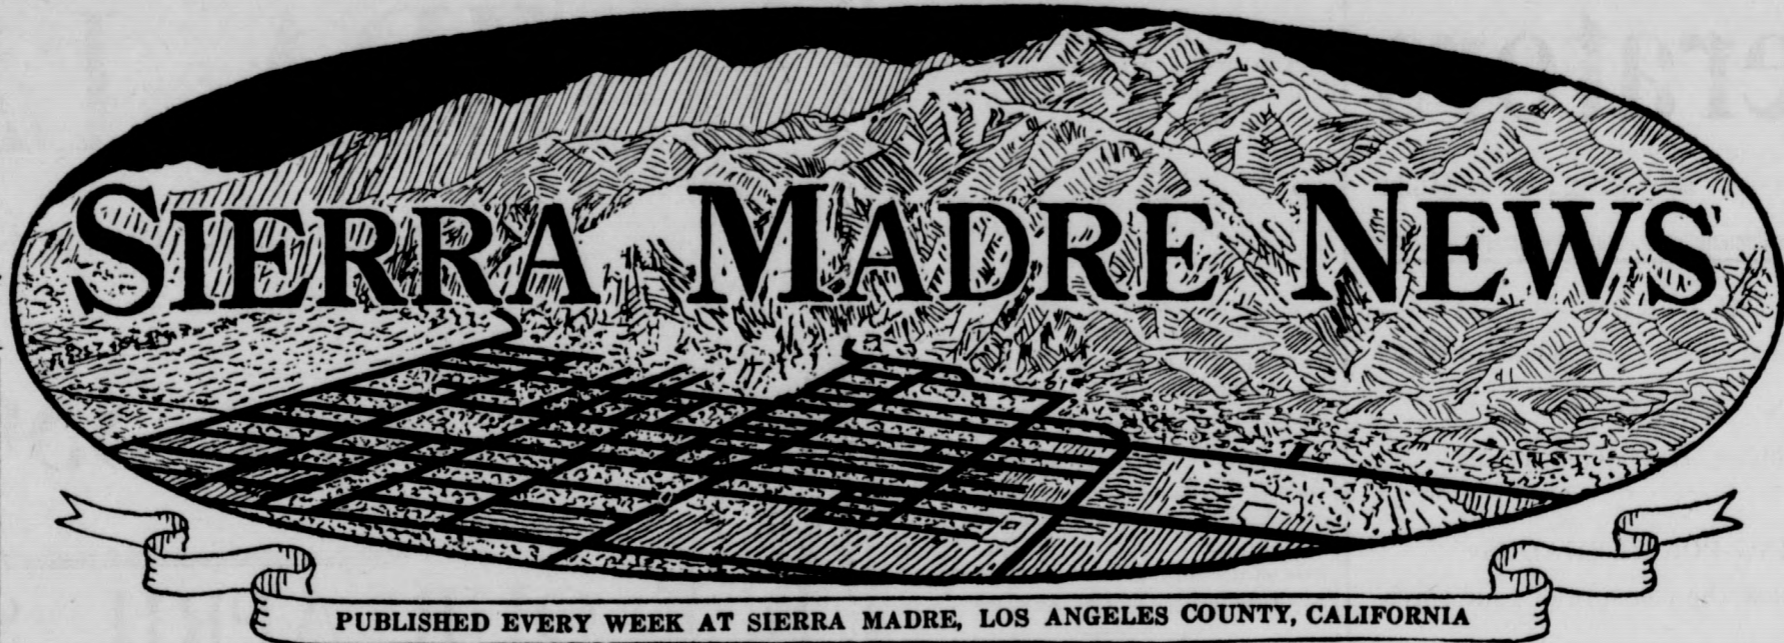

The meeting afforded a clearing house of ideas which was greatly needed. It brought out a lot of things: The attempt of Mr. Collins, as subdivider of the canyon, to force the city to accept streets not fit for public highways, the refusal of the city trustees to do so; the recording of the so-called streets as privately owned lots, in spite of the ultimatum of the city that city water, lights and similar improvements could not be expected; the antagonisms arising out of that situation; the installation by Collins of a private water system wholly inadequate to the needs of the tract; the subsequent taking over of the tract and water system by Mr. Mann; the city's absolute freedom from legal responsibility, as well as inability to provide water service and lights under existing conditions.

It was further pointed out that many of the people who bought lots from Collins, presumably with their eyes open to the unsatisfactory water and street improvement situation, had re-sold. Most of the present canyon residents were in the situation of innocent purchasers. They had a real problem on their hands. They needed the entire moral support and all of the legal support the city could give. It was a time to forget old animosities generated between people no longer concerned in the solution of the problem. It was a time to unite with all the good will and combined wisdom that could be assembled.

Committee Starts Things

Accordingly, a committee was appointed to outline a plan of action. The subsequent application to the State Railroad Commission was the direct result that brought negotiations down to brass tacks. The outcome has been that the water system which was offered to the city on various terms from \$8,000 to \$15,000 has been presented to the city without cost. The city will assume the responsibility of providing adequate water service. It will cost something, but it has to be done.

Soon after the holding of that Chamber of Commerce meeting, a vacancy on the board of city trustees was created by resignation. Advantage was taken of the opportunity to give the canyon district representa-

P. O. Advances To Second Class

Change in Rating Expected to Become Effective With July Quarter.

Advancement of the Sierra Madre post office from third to second class is expected to take effect July 1, with the new fiscal year of the post office department.

This advance was forecasted by Postmaster Morgridge upon the compilation of figures showing total postal receipts for the year 1921 of more than \$8,300. Confirmation was given last week by Post Office Inspector Means who came to investigate the needs of the office as to clerical assistance, equipment, etc., to take care of the growing business of the office.

Civil Service.

Under the regulations of the post office department, all employees of the office will be under civil service. A postmaster is not a post office employee, being appointed by the president as an officer of the United States government. The fact that postmasters are selected by civil service test does not give them civil service rating.

Clerks and carriers in the office who have served more than sixty days and given satisfactory service are automatically covered into civil service when an office advances from the third to the second class. Clerks are employed at the regular entrance salary of \$1,400 yearly.

Sierra Madre will need two regular full time clerks, in the opinion of Mr. Means. The department allowance for clerical assistance under the old classification was far below what it should have been. That is one of the difficulties of the third class have to contend with.

Lease Expires Soon.

Bids will be received soon from landlords who would like to lease quarters to the government for post office purposes. The lease on the Caley building will expire September 1, when it will have run ten years. One of the purposes of the inspector's visit was to determine what additional equipment might be needed for the office before drawing specifications under which the bids will be asked for.

tion by electing W. D. Richards to the vacancy.

Good Will Prevails

An entirely different atmosphere now surrounds the discussion of canyon problems. The problems are not all solved, but substantial progress has been made toward the solution of the most important of them. Best of all, there is a spirit of good will and co-operation which did not exist previous to that meeting of the Chamber of Commerce.

Possibly these things would have been worked out through some other instrumentality. The fact remains that the division of the canyon from the rest of the city through misunderstandings and antagonisms persisted for years until the Chamber of Commerce called all interests together, injected a large dose of good will into the situation and really started something.

GRANT'S BIRTHDAY TO BE OBSERVED

Exercises marking the centenary of the birth of General Ulysses S. Grant will be held on the school grounds on next Thursday, April 27. The Public is invited to attend the program which will be held at three o'clock. Captain J. A. Osgood, representing the Grand Army of the Republic, will make an address. The new flag recently purchased for the public school will be dedicated.

Lights in Canyon Committee's Aim

Chamber of Commerce Trying to Get Canyon Residents Together in Enterprise.

George W. Miller was named as head of the Canyon Lighting Committee by President J. N. Hawks of the Chamber of Commerce early this week. Mr. Miller has been given the liberty of choosing his own committee, the entire personnel of which will probably be composed of residents of the canyon. Mr. Miller has already begun work on getting specifications and estimates on the cost of construction and when this preliminary work is completed the other members of the committee will be named. When the committee is ready to report a mass meeting of the canyon residents will probably be held in the canyon under the auspices of the Chamber of Commerce where the campaign will be formally launched.

NEW ELECTRICAL CONTRACTING BUSINESS

Norman B. Jensen has embarked in business in Sierra Madre as dealer and contractor in things electrical. Owing to the lack of any available store room he is compelled for the present to be satisfied with office quarters in the room with Andrews & Hawks. Later he expects to have a modern store room in one of the new buildings to be erected in the near future. For the past two years he has been with the Southern California Edison Co., on construction projects at Big Creek in the High Sierras. Prior to that and after leaving the navy at the close of the war he was with a large public service corporation in Hartford, Conn.

COMMUTER LUNCHEON PLAN TO BE PUSHED

Special Committee of Chamber of Commerce Seeking Accommodations for Gathering.

Dr. F. P. Miller and Dewitt Jones will go to Los Angeles Monday to investigate the possibilities of holding a luncheon for the commuters from Sierra Madre at one of the centrally located luncheon clubs. If the plan proves practicable there will soon be regular luncheons such as are proving so successful in Sierra Madre, where those who go to the city every day can gather and discuss improvements for their home town.

One of the advantages of such a lunch, it has been pointed out, is that there is a great deal of work that can be better carried on by the commuters than by those who have their business in Sierra Madre. Better car service is given as an example of the kind of problems commuters would be better qualified to handle.

BUILDING FOR MARKET ON WEST CENTRAL

It is reported that a new building will be erected on West Central adjoining that now occupied by the Poage Pharmacy and the Venture Inn. E. E. Teagle of Redondo Beach is owner of the lots. Contractors have submitted bids for a building of one room, 40 feet wide and 50 feet or 60 feet deep. It is reported the building is to be occupied by a combined grocery and market.

Improvements In Hardware Store

Radical Transformation Taking Place As Business of Firm Is Expanding

Transformation gradual but complete has been going on in the Sierra Madre Hardware store for some months. It has now reached a stage deserving classification as a modern city store and well worth a look-in for those who have not visited the store recently.

All fixtures have been remodelled and refinished, additional cutlery cases have been installed and several departments have been moved. All merchandise and display racks higher than the level of the show cases have been moved away from the center of the floor and placed against the walls or otherwise disposed of. The effect upon the entrance is a clear vision of the entire room which gives a much better impression of the magnitude of the establishment.

Improved facilities both for display and storage of reserve stocks, especially in the tool and small hardware line, will expedite service very materially. New nail bins have replaced the time honored kegs on the floor. Aluminum and pyrex ware and other household furnishings are also displayed more attractively. The office corner has also come in for rearrangement making for accessibility and convenience.

Purchase of an additional lot in the rear of the building from C. S. Kersting has provided for additional garage and warehouse space. This has permitted the removal of the plumbing and tin shop to the extreme rear of the building with more room and better light.

The Winchester Store

The Sierra Madre Hardware Co., is officially designated as the Winchester Store of Sierra Madre. The great Winchester Arms Co. is not only making guns and ammunition, but flashlights and batteries, fishing tackle, carpenter tools, cutlery, etc. All these supplies are secured by this firm directly from the Winchester factory.

Since the incorporation of the Sierra Madre Hardware Co., Fred Griebow is president, Charles B. Klunk is Vice-President, and W. S. Hull is Secretary-Treasurer. These gentlemen have been receiving many well deserved congratulations on the progressive spirit shown by the improvements now nearing completion. Their fixed and steady purpose to supply reliable goods at city prices should be an important factor in building up the business of the community.

Born to Mr. and Mrs. George Norris this morning, a daughter.

Splendid Vision For the Valley

President Blaisdell of Pomona College Forecasts Educational Needs Of This Region

Forseeing a time when the region from Redlands to the sea will be thickly populated, President James A. Blaisdell of Pomona College made a most interesting talk last night at the monthly dinner of the Sierra Madre Community Club. He gave a fascinating account of the development of the college to a recognized position among the leaders of educational institutions, by sticking to the highest ideals and refusing to undertake more in variety of instruction or numbers of students than could be well done.

Most people regard educational institutions other than those supported by the state as money making concerns. On the contrary, Dr. Blaisdell showed that they are benevolent institutions, the fees paid by the students meeting only a small part of the expense incurred. For instance, at Pomona each student pays \$200 yearly tuition. It costs \$413 per student. Of this amount \$127 is met from endowment or other income, leaving a deficit of \$83 per student to be provided for by outright gifts each year. The problem facing Dr. Blaisdell and his associates is to increase the college's \$3,000,000 endowment fund to a point where adequate support will be provided, and also to finance a building program for an institution large enough to do justice to the constituency which will some day populate the San Gabriel Valley.

That Dr. Blaisdell is the man to carry out the program successfully there could be no doubt in the mind of those who were present last night to become somewhat acquainted with his personality and to hear his clear and winning presentation of the story.

At the opening of the program a cornet solo by Edward Melvin so delighted the audience that he was twice compelled to respond to encores. His accompaniment was played acceptably by Mrs. George B. Morgridge in spite of the handicap of having her left hand badly scalded only a few hours previously.

It was good news to those present to learn that Mr. Melvin who is a resident of Sierra Madre, had expressed a willingness to donate his services for the organization and instruction of a band. Although he is an extremely busy man, with much professional band work to do in addition to his business activities, he will donate his services through personal interest in community work. The Chamber of Commerce will appoint a committee to co-operate with him and back the enterprise.

LUNCHEON ATTENDANCE REACHES HIGH MARK

First down town luncheon of the bi-weekly series held by the Chamber of Commerce, set a new high mark for attendance on Tuesday. The holding of the luncheon at the Venture Inn proved a popular move, being much more convenient for many of those who wish to attend. About thirty-five were present and enjoyed a delightful meal and brief talks on various topics of interest.

City Fathers Are Assigned To Committee

Swearing in of new members of the board of city trustees and reorganization of the city government was the order of business at the special meeting of the trustees held Monday evening.

The old board met according to law and canvassed the vote cast at the recent election, showing Messrs. S. M. Karicofe, Robert Mitchell, W. D. Richards, J. D. Sparks and Earl Topping to have been elected trustees.

After the oath of office had been administered by City Clerk Dietz, the new board organized by re-electing Mr. Mitchell to the office of chairman.

A communication was received from the Sierra Madre Citrus Growers Association asking that Trustee Sparks be appointed a member of the water committee, by reason of his practical knowledge of irrigation problems.

Committees Are Named.

Chairman Mitchell announced the following committee appointments, the chairman being named first in each case:

Finance—Topping, Sparks, Richards.

Water—Richards, Sparks, Mitchell. Streets and Police—Sparks, Topping, Karicofe.

Ordinances—Karicofe, Mitchell, Topping.

This arrangement makes each member of the board, aside from the president, chairman of one important committee.

Water Superintendent

The application of Tom Henderson for the position of superintendent of the water department was received. Questions relative to Mr. Henderson's technical training as qualification for the work started a little fireworks. Mr. Henderson said he did not pretend to have technical training, but claimed that as foreman in the department he had never been up against any practical problem which he was not equal to. The fact of such work as the recent installation in the Canyon Park system, he said, was a job for an engineer. But he felt fully equal to carrying out the plans.

Trustee Karicofe suggested that Mr. Henderson might be hired as superintendent, with the understanding that an engineer could be hired from time for such work as might require such ability. This plan, formerly followed with the engineer and water superintendent's offices separate, was finally agreed upon and Mr. Henderson was appointed.

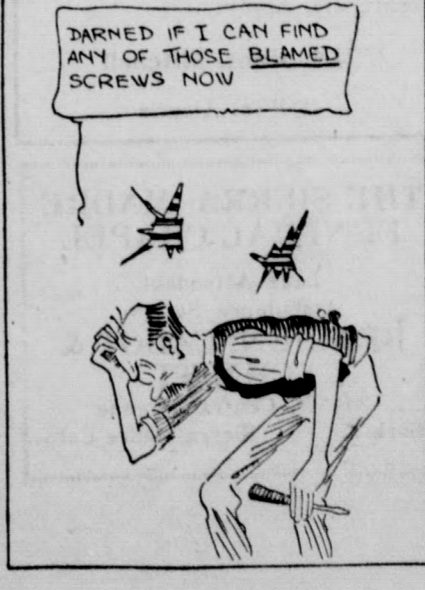

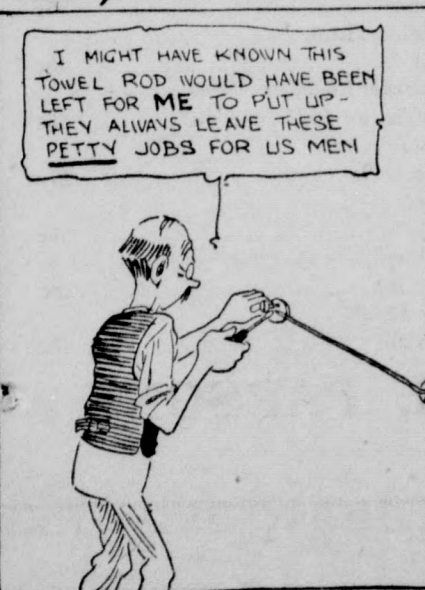

To Go Over System.

Mr. Henderson called attention to some matters requiring radical treatment, such as the condition of some of the older mains which will not stand pressure, a cave-in beneath the foundation of the pump at well No. 2 and the condition of the tunnels in the canyon. In order that the entire board might become personally familiar with the problems involved, it was agreed that the members would meet today for a tour of inspection, a practice formerly followed but more recently fallen into disuse.

City Attorney Baker and Street Superintendent Udell were retained by the new board in their old positions.

A most enjoyable afternoon was spent by the Modern Priscillas at the beautiful home of Mrs. F. J. Hart on Thursday. A radiophone concert furnished a delightful entertainment throughout the afternoon, at the close of which delicious refreshments were served.

Local Happenings

Mr. and Mrs. Thomas Wise of 118 Bonita avenue have moved to 121 N. Palm avenue, Alhambra, and will be glad to see all friends.

The delightful Easter music given last Sunday at the Church of the Ascension will be repeated at the regular service next Sunday.

Mr. and Mrs. J. D. Mackerras entertained Mr. and Mrs. J. S. Macdonnell and Dr. and Mrs. R. H. Mackerras of Pasadena at dinner at the Venture Inn on Wednesday.

George P. Rikeman of 29 W. Live Oak Ave., has been compelled by an attack of flu to take a vacation from his duties as manager of the whole-sale stationery department of the H. S. Crocker Co., in Los Angeles.

B. O. McCaron of 267 N. Baldwin, is able to be up and about the house after a six weeks' siege with the flu and various trimmings which seem to accompany it these days.

Mr. and Mrs. Rudolph Hartman and Junior drove to San Fernando Wednesday, where Mrs. Hartman and the baby remained for a visit at the home of Mr. and Mrs. Homer Graham.

Mr. and Mrs. Joe Casey have removed temporarily to Long Beach where Mr. Casey has invested in some oil lots and hopes eventually to make enough money to retire and enable him to return to Sierra Madre and enjoy life.

The Dickens Fellowship will meet on April 26 at 2:30 p. m. at the home of Mrs. Vora Pierce Maull, 186 South Oakland, Pasadena, (Phone Fair Oaks 1662). Mrs. Charles H. Baker has also invited the Fellowship to meet on May 13 at her home, 1080 Arden Road, Pasadena. On that day they will meet from 10 a. m. to 2 p. m., with luncheon at noon.

Miss Jessie Fiskien of Seattle is visiting in Sierra Madre as the guest of Miss Ella Shepard Bush. Miss Fiskien is an accomplished artist and has been enjoying the opportunity to do landscape work at various places about Sierra Madre. Miss Bush and Miss Fiskien will be at home at the studio of Miss Bush, 223 W. Laurel, on Wednesday afternoons, to any who may be interested in artistic matters.

Mr. and Mrs. Louis Deitz had as guests on Sunday Mr. and Mrs. A. Robinson of Hollywood and Ridgeway Sparks, chief electrician of the U. S. Battleship Tennessee, who has just retired after twenty-six years of service in the navy. Mr. Sparks leaves soon for his old home in Philadelphia. He expects to return to Southern California, however, to make his home. He has been all over the world, except to Alaska, and says Southern California is his choice for permanent residence.

The home of Dr. and Mrs. George W. Groth on Mira Monte Knoll was the scene of a delightful golden wedding celebration on Tuesday, it being the 50th Anniversary of the marriage of Mr. and Mrs. George William Groth Sr., in Guelph, Ont. The house and table were beautifully decorated with golden flowers and dinner was served at noon. The guests included Mr. and Mrs. Patterson, Mr. and Mrs. Peacock, Mr. and Mrs. Martin Olsen, Mrs. Miller, Mrs. Bourne, Mr. and Mrs. Slaker, Dr. Mary Groth and Miss Gent, in addition to the children of Dr. and Mrs. Groth.

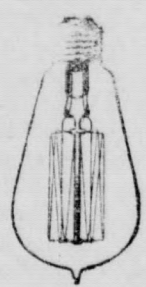

LODGE STUNT NIGHT
TUESDAY, APRIL 25

Members of Sierra Madre Lodge No. 408, F. & A. M., and sitting Masons will participate in the annual stunt night which is one of the outstanding social features of the year, next Tuesday evening. Each man present is expected to provide a stunt of some kind—sing a song, speak a piece, turn a handspike or anything for entertainment. Those coming unprepared will have some stunt assigned them for impromptu performance. Dinner will be served at 6:30 p. m., to which all Masons are invited. Raymond Andrews is chairman of the committee in charge and it will facilitate their work if those expecting to be present will notify him in advance.

WOMAN'S CLUB NEWS

By Press Chairman, Mrs. Besse Palmer Rhodes.

Regular Meeting

At the next regular meeting of the Woman's Club, on Monday, April 24, at 2:30 o'clock, officers to serve the club for the coming year will be nominated. At 3 o'clock, a pleasing program will be presented by Mrs. Henrietta A. Kapp, who will conduct an illustrated lecture on "Interior Decoration." Mrs. Kapp has several times appeared before the club and is always most helpful and instructive. In this lecture she will specialize on the decoration of children's rooms. Following the program, tea will be served and a social hour enjoyed.

Dance.

The regular monthly club dance will be given on Friday evening, April 28, at the club house. There will be good music, which assures the success of these always enjoyable functions.

Wisteria Tea

In anticipation that the beautiful wisteria vine at the H. T. Fennel home on Carter avenue, will be in the height of its glory by Wednesday, April 26, the afternoon of that date has been chosen in which to give a wisteria tea. Elaborate preparations are being made to make it a pretty and profitable affair. A small admission fee of 10 cents will be charged and at numerous booths, tempting goodies will be sold. At the candy booth will be Mrs. W. E. Walker and Mrs. Homer Glidden. At the cooked food booth, Mrs. Louis Dietz. Mrs. Frank Hart will preside over the cut flower booth and Mrs. Thomas Henderson with Mrs. A. Udell will dispense punch. A delicious plate will be served with afternoon tea, which will be in charge of Mrs. W. S. Hull. Special service will be given to small parties wishing to enjoy tea together.

A large number of out-of-town guests are expected and Sierra Madre will of course attend in large numbers and make this truly a gala affair.

On the reception committee will be Mrs. J. A. Osgood, Mrs. H. T. Fennel, Mrs. J. Milton Steinberger, Mrs. W. H. Ingraham, Mrs. E. C. Newton, Mrs. M. D. Welsher, Mrs. E. W.

MISSIONARY LEADERS FOR COMING YEAR

The Woman's Missionary Society of the Congregational church reports the following names as leaders and hostesses for the year:

May—Leader, Mrs. Beers; hostesses, Mrs. L. M. Rice, Mrs. Luther Gilson.

June—Leader, Mrs. E. Newman Emerson; hostesses, Mrs. S. M. Kari-
cane, Mrs. C. W. Jones.

October—Leader, Dr. May Laidlaw; hostesses, Mrs. W. S. Hull, Mrs. G. B. Morgridge.

November—Children's Day, leader, Mrs. Frank Merrill; hostesses, Mrs. C. F. Gray, Mrs. C. B. Reas.

December—Leader, Miss Clara Lar-jar; hostesses, Miss Mary Hollister, Mrs. Telford.

February—Leader, Mrs. R. J. Lord; hostesses, Mrs. J. D. Sparks, Mrs. F. H. Hartman.

March—Leader, Mrs. Howard Hill; hostess, Mrs. C. W. Tiebout.

FRIDAY, APRIL 21, 1922

: BY THE WAY :

"Hystricomorphous rodents" is the way the new office dictionary identifies the cavy concerning which you may have been reading and wondering. Think you would like one for a pet, or for your Sunday dinner? Cavy breeders are becoming numerous and the craze promises to equal that of the Belgian hare a few years ago when everybody was going to get rich quick instead of by the slow process of time and toil required in every other line of business. The cavy, more commonly known as the guinea pig, is coming into favor for meat, a South American variety averaging two and one-half to three pounds in weight.

Without doubt, the man who invented the slogan "Save the surface and you save all," thought of appealing more to men than to women. But, by intuition of pure reason, women seem to be grabbing the best of everything right out of the hands of the men in these modern times. Hence the elaborate outfits and their free use in application of powder, paint and lipstick! Q. E. D., etc.

There's a man in the west end who is firmly convinced a flock of birds saw him come out of the store with a pocket full of garden seed packages the other day. Otherwise, he does not see how such a convention of them could have been on hand so promptly for his first garden efforts.

Teacher of public speaking advises pupils to learn to think on their feet. If more orators would learn to think before they get on their feet, their efforts would be appreciated more keenly.

No refiner has ever been able to attain the absolute 24-carat fineness of the gold in the golden rule. It's a pity it is not more generally used, both for ornamentation and commercial purposes.

Teacher—"How many seasons are there?"
Ikey—"Two, Busy and Dull."
Johnny—"No teacher, my pa says only one. Busy. He advertises in the News.

A club woman asks what makes modern girls run about the way they do and a Missouri editor replies they are probably looking for their mothers.

Why worry because a drink of booze costs five times as much as it used to, when the effects last five times as long?

FIELD DEMONSTRATIONS FOR CITRUS GROWERS

Farm Bureau Experts Will Hold Conferences With Growers in the Orchards.

Arrangements have been completed for a series of nine field meetings of citrus growers to be held under the auspices of the Los Angeles County Farm Bureau with the co-operation of the Agricultural Extension Service during the last week of April. The keynote for each of these meetings is for better care of individual citrus trees. Each tree in a citrus grove represents a percentage of the total of each acre. If trees become affected by disease or pest then the total production is affected. It is for the interest of each grower to maintain all trees in as high a state of productivity as possible. At these field meetings the important trunk and root diseases including scalybark of the orange and grapefruit, shell bark disease of the lemon, gum disease, and saving of girdled trees by inarching seedlings. Farm Advisor Robert W. Hodgson and Assistant Farm Advisor V. F. Blanchard of the Agricultural Extension Service will conduct the demonstrations. The schedule for the meetings includes the following:

Tuesday, April 25, 10 a. m.—Alhambra, at place of Mrs. Anna R. Schoonover, 1118 S. Garfield; 2 p. m., Pasadena, at place of Claude Stone, 1225 Casitas Ave., Altadena.

Wednesday, April 26, 10 a. m.—Monrovia-Duarte-Sierra Madre, at place of Mark Densmore, Huntington Drive and Mountain St., Duarte; 2 p. m., Azusa-Glendale, at place of W. A. Jones, corner Gladstone and Ben Lomond, just off Citrus Ave., (towards Covina) Azusa.

WATER AND POWER ACT TO BE DEBATED

Farm Bureau Arranges Meetings for Discussion of Both Sides of Question.

As an evidence of the interest which the rural population has in the proposed amendment to the State Constitution, popularly known as the State Water and Power Act, has been the large attendance which has marked these meetings to date. The importance of this question which comes before the voters next November for decision is such that the board of directors of the County Farm Bureau has arranged for a series of public meetings at which proponents for and opponents to the Act may be heard. The schedule for the nearby meetings is as follows:

Pasadena, Tuesday, April 18, Chamber of Commerce.

Baldwin Park, Tuesday, April 25, Baldwin Park school.

LOYAL ILLINOISANS ANNOUNCE BIG PICNIC

Thousands of loyal Illinoisans are waiting for the picnic. The picnic will be held in Sycamore Grove Park, Los Angeles all day, Saturday, April 29, 1922 with basket dinners at noon.

The picnic will be held under the auspices of the Loyal Illinoisans, co-operating with the great Federation of State Societies and with the local organizations of Illinoisans in Pasadena, Long Beach, Whittier, Pomona, Riverside, etc.

Henry J. Brubaker will preside and lead the community songs. If you want to ask questions, phone C. H. Parsons, 10261, at the Illinois headquarters in the Continental National Bank.

Easy to Tap Vein of Humor. John Kendrick Bangs, the humorist, long enjoyed the reputation of being one of the most consistent quality producers of jokes in the trade. "I've trained myself so that I can get up from the dinner table, lock myself in my room, and write 25 jokes any evening," he once told a friend.

CERTIFICATE OF BUSINESS (Fictitious Firm Name)

The undersigned does hereby certify that he is conducting an automobile and garage business at 4 West Central avenue, in the City of Sierra Madre, County of Los Angeles, State of California, under the fictitious firm name of Central Garage and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit: Joseph Belohlavek, 687 West Alegria St., Sierra Madre, Cal.

Witness his hand this 14th day of April, 1922.

JOSEPH BELOHAVEK.

State of California, County of Los Angeles, ss.

On this 14th day of April, in the year nineteen hundred and twenty-two, Robert Mitchell, a notary public in and for said county, residing therein, duly commissioned and sworn, personally appeared Joseph Belohlavek, known to me to be the person whose name is subscribed to the within instrument and acknowledged to me that he executed the same.

Witness my hand and official seal. (SEAL) ROBERT MITCHELL, Notary Public in and for said County and State.

Filed April 15, 1922.

L. E. LAMPTON, County Clerk.

FORM COMMITTEE FOR SALVATION ARMY DRIVE**Sierra Madre Is Asked To Raise \$500 For Welfare Work of This Organization**

The annual campaign for funds for support of the work of the Salvation Army in Southern California will be under way soon, with a local committee in charge. Sierra Madre has been asked to raise \$500 for the purpose, the quota being approximately 25 cents per capita on the basis of the 1920 census.

M. Loretta Hansen, field civilian representative, was in Sierra Madre yesterday endeavoring to have the Chamber of Commerce undertake the formation of a local committee. She explained that the solicitation of funds could not be undertaken by the regular Salvation Army workers because they are people who have spent a year or more in training for specific work. Inasmuch as there are not now enough of these trained officers to complete their regular organization as it should be, it would simply cripple their work to take them to the task of raising funds. It is therefore necessary to ask a large number of volunteer workers to give a little of their time each, in the course of the drive.

The character of the Salvation Army work is generally known and meets with popular sympathy. It should be added, that with the exception of a very small percentage required for district headquarters and for an orphan home near San Francisco, all the funds raised here will be devoted to Southern California work.

SHOW FEATURE FILM**NEXT FRIDAY NIGHT**

"The Call From the Wild" is the title of a feature film to be shown Friday night, April 28, in the Congregational Church. The entertainment will be held under auspices of the boys of Mrs. Hull's Sunday School class, who are helping raise money for the piano fund. There will be no admission charge but a silver offering will be taken.

Frankie Lee, the boy actor, and "Highland Laddie," the world famous dog actor, have the principal parts in the story. The boy refused to kill a puppy dog which his father said could not be raised. Instead the lad took the pup off into the mountains wilderness and turned him loose. How the puppy grew up with all the intelligence of his breed and adopted all the ferocity of the wolves with which he lived, is thrillingly shown. He became the scourge of the region with a price on his head. How he was later befriended and became the boon companion of the lad who saved his life as a puppy is told with many delights on the life of the people of the mountain frontier.

BIRTHDAY AT BEACH

Mr. and Mrs. Dinsmore of West Highland Avenue entertained a number of girls with an Easter vacation house party at Balboa Beach in honor of the birthday anniversary of their daughter, Grace Ruth Dinsmore. The guests included Miss Wildman, leader, and members of the Camp Fire Girls, Lillian Gerson, Illorin Berkeley, Ida Greenland, Elizabeth Butsch, Hilma Rhodes, Elizabeth Glidden and Margaret Griebenow. Important features of the outing were the trip to the Palisades and the moonlight ceremonial meeting around a bonfire on the beach. Ruth was the recipient of a shower of handkerchiefs from her friends and Campfire comrades.

DIVISION OF COSTS IN HIGHWAY CONSTRUCTION

What part of the cost of a road goes into grading and structures which are more or less permanent and what part goes into the paving which may eventually wear out?

This question is answered fully by statistics compiled by the Bureau of Public Roads of the United States Department of Agriculture on 1350 completed Federal-aid roads involving 7,500 miles of road at a total cost of \$112,000,000. Of the total cost 21 per cent went into grading, 14 per cent structures, 62 per cent paving and 3 per cent for engineering. These are the average figures for the whole of the United States and there is considerable variation in different sections.

In the Middle Atlantic states where grading is not heavy and paving must be built for heavy traffic the cost of the paving rises to 75 per cent and the grading and structures amount to 15 per cent and 9 per cent respectively.

In the mountain states the problem is very different, much of the work being new construction with heavy grading and where the highest type of surface is not necessary. In this group of states the cost of grading amounted to 33 per cent, structures 21 per cent and paving 41 per cent. The percentage for California in 1922 will be somewhat less than 25 per cent for paving only.

KENNEL ADVOCATE AGAIN PRINTED IN SIERRA MADRE

The April number of the Kennel Advocate came from the Sierra Madre Press this week, the first time it has been produced in Sierra Madre in about two years. Editor Chris Shuttleworth now publishes a 28-page magazine, printed on the finest coated book paper and finely illustrated. It has long been recognized as the leading dog magazine of the West. As manager of Mrs. Baldwin's Anokias Kennels, Mr. Shuttleworth is recognized as a practical authority on everything pertaining to the dog world. The magazine, however, is his own private enterprise. He has such a wide acquaintance among dog fanciers of Canada and England that the magazine is circulated all over both countries.

LATE RADIO NEWS POSTED AT LIBRARY

For the benefit of all who wish to study radio matters, Miss Rodgers, librarian has arranged a bulletin board at the public library on which she posts each day the radio lessons from the Los Angeles Times and the Pasadena Star-News. The monthly magazine, Radio News, has also been added to the periodical table. As the book stores cannot begin to supply the demand for radio books, these new library features will doubtless be popular.

Among other new books recently added at the library is the first of three supplementary volumes to be added to the Encyclopedia Britannica. They will bring this reference work down to date, something greatly needed.

Fine Paper From Truck Patch. Swiss chard is a vegetable which is not very highly esteemed though it has a great deal to recommend it. It grows profusely in almost any part of this country wherever planted. It has been recently discovered by some experiments in a sugar mill at Yakima, Wash., that the stalks and leaves of this plant are capable of making a very superior paper resembling the parchment made by the Japanese.

NEWS WANT ADS

The rate for all want ads is two cents a word, payable in advance. Only copy furnished by regular advertisers or people carrying accounts with us will be printed without advance payment, as the amounts are as a rule not of sufficient size to warrant accounting and collection costs.

HORSE THIEVES GO OUT OF BUSINESS

According to a dispatch from the New York Sun no one will steal a horse today. The Horse Thief Detecting Society of Mamakating, Wallkill and Crawford, N. Y., has been abandoned. The twenty-one members of the society will split \$1,400 in the treasury which has remained unexpended because there are no horse thieves left to catch. This is not because the world is growing better, but because thieves have become "converted"—they are motorizing.

MOTORS MULTIPLIED**MANY TIMES OVER**

The enormous increase in the number of motor vehicles in the United States was recently presented to Congress in connection with federal aid appropriations. These figures show that the number of automobiles in this country in 1910 was 437,000. In 1916 this number had increased to 3,263,000. Within the next five years it had made a leap to 8,404,000, an increase in five years of considerably over 1,000,000 cars a year. At the end of 1921 the combined use of trucks and automobiles equalled not less than 9,750,000 motor vehicles.

News Wantads bring results.

GOOD DELEGATION GOING TO MONROVIA

Sierra Madre will have a big delegation present at the meeting of the Associated Chambers of Commerce of the San Gabriel Valley, which will be held in Monrovia May 2, according to Dean Shaw, director representing Sierra Madre. The local chamber was allotted ten tickets of which eight were sold the first day and many of the regular enthusiasts not yet heard from. From all indications, Dean Shaw will have to make an effort to secure tickets allotted to a town where they are not so much in demand.

MRS. ROLAND ADAMS**ENTERTAINS BRIDES**

Mrs. Roland Adams entertained a group of recent brides with a delightfully appointed luncheon at her home last Wednesday. A novel idea was presented in the place cards. Instead of each guest's name, her wedding date was written on the card. The afternoon was spent in sewing and lively discussions on the correct way to manage a home and husband. Those who enjoyed the hospitality of Mrs. Adams were Mrs. Hall Perry, Mrs. George Starr, Mrs. Donald Tarr, Mrs. Guy Steinberger and Mrs. Victor Hill.
